## *Things to Keep in Mind:*

1. Duluth is built on a hill overlooking Lake Superior. The airport is "on top" of the hill. The downtown area is on the hillside overlooking the lake shore.
2. Moline is in west Duluth, approximately five miles west of the downtown area.
3. Moline owns three buildings at the corner of Central Avenue and Raleigh Street:
  - The main office is in the brown brick building (114 building).
  - The manufacturing facility (204 building) is in the long white building across the street.
  - The smaller white building (200 building) next to the 204 building also contains offices.
4. The Moline Test Facility is located a few blocks away on 59th Street.
